

CONSORT QUALITY MANUAL

Quality Policy

It shall be the policy of Consort Limited to manufacture and supply products as specified by customers which comply fully with Consort's quality specifications, are delivered complete and on time and enhance customer satisfaction.

A management review meeting will be held annually to ensure continually improved effectiveness of the Quality System and to review quality objectives.

The policies, procedures and documentation described in the Consort Quality Manual are mandatory and will be complied with by all Consort employees, whether or not they are directly involved with product quality.

No amendments or omissions of any of the procedures in this manual will be permitted without the written authority of the Managing Director or the Quality Manager.

To achieve the above aims, Consort maintains a Quality Management System to BS EN ISO 9001:2015. The Consort Quality Manual defines the organisation and procedures used to achieve this.

J.S.Houlihan

Managing Director
